Office: 563-583-3381 • Fax: 563-583-1158

Welcome to Dittmer Recycling's trash and recycle collection service.

The containers provided remain the property of Dittmer Recycling and should stay with each home and/or returned to Dittmer Recycling in the event that our service is ended. Each tote has a unique serial number which is recorded.

Should one of your carts get damage or go missing, there is a fee of \$75 for a replacement cart. If it is apparent that the damaged cart was due to normal wear and tear, we may waive this fee.

All trash and recycling must be placed in the appropriate tote provided. The cart with the yellow lid is for recycling, whereas the cart that is all brown is for trash. Anything outside of this cart will not be picked up unless arrangements are made with our office in advance.

Carts should be placed curbside by 6:00 am on your collection day with the arrow on the lid pointing to the street. Carts should be placed approximately 2 feet apart and/or away from other objects (mailbox, vehicle, etc.) for the automated arm to grab each cart.

Should you have any questions or concerns please feel free to contact our office.

Thank you,

Dittmer Recycling, Inc.
